TARVIA TREATMENT FOR MADISON ROADS

Representative of Tarvia Company Instructed To Prepare Estimate For Madison's Turnpikes

At a meeting of the Fiscal Court Tuesday, mention of which was made in yesterday's paper, much other business than that reported was transacted after we went to press, the court continuing in session until late in the afternoon.

The usual standing appropriations for officer's salaries, the maintenance of the county infirmary, contribution to the Pattie A. Clay Infirmary, and other fixed charges being allowed as usual.

Quite a discussion was precipitated in the court in regard to the payment of a bill of something over \$800 for repairs to the furnace in the court house, after which, upon motion of Squire Long, the court order the bill paid and the question of the responsibility for the condition of the new furnace installed in the court house last fall was deferred for further for investigation.

The Fiscal Court by a formal order asked for State Aid in the reconstruction of the Lancaster pike for 1920. This action was necessary as the law requires that any county desiring State Aid must file application on or before May first of the year previous.

A representative of the Barrett Manufacturing Company was present and addressed the court at considerable length in regard to the treatment of various pikes with Tarvia, a product of his company. The court directed the road engineer to show him over about 12 miles of pike adjacent to the city and this company will submit a bid to be considered at the next meeting of the court for a surface treatment on two miles each of the following roads: Big Hill, pike, Lexington pike, Red House pike, Irvine pike, Barnes Mill pike, and Lancaster pike. If the court awards this contract after the submission of the bid, it is intended, as an experiment and a beginning of what probably will become general in the county, if successful, as the court realizes that the ordinary water-bound macadamized road is not suited to the present traffic with its preponderance of automobiles.

After a lengthy discussion and a hearing of numerous petitions for new pikes, the court decided to limit the appropriation for this purpose to five miles for the present year and the order was entered that petitioners for the following roads have the privilege of availing themselves of this offer for a period of sixty days: one mile from Red House east toward Union City; one and two-fifths miles to complete the road between Brassfield and Bybee; one mile from the end of the present Jigwater pike west toward the Kirksville and Kentucky river pike; one and one-quarter miles from the present terminus of the College Hill and Red River pike, northward to the river, and 289 feet to connect the work now in progress on the Maydee pike. At the expiration of sixty days if the parties desiring and petitioning for these improvements do not execute bond for the construction of these roads, the privilege will be given to some other road in the same district.

The L. & N. R. R. was granted permission to reconstruct and elevate the bridge at Brassfield where the Speedwell and Brassfield pike crosses the railroad.

Appropriations of \$7,790 were made on fifty sections of turnpikes for repairs for the current year and the county reserved 27 sections to be maintained or reconstructed by county machinery and State Aid. Contracts were let for maintenance of about 30 sections of turnpike for the year 1919. The Road Engineer's report to the

Miss Wagers After Child Labor Violators

Miss Mynne B. Wagers, Assistant State Labor Inspector, has warned race horse owner of Lexington, who employ exercise boys, that they face prosecution by the state for violation of the child labor law, and that every case brought to her attention will be prosecuted. Miss Wagers, who has charge of the Lexington district, says: "I understand that both white and colored boys under 16 years of age have been exercising horses on the Lexington tracks without labor permits. They must have permits from the school superintendent before taking such employment and their employers are liable to prosecution for hiring them."

Marse Henry Retires From Courier Journal

After being continuously with the Courier Journal from 1868 to 1919, Marse Henry Watterson retires today as Editor Emeritus. The following editorial appears in today's edition of the Courier Journal:

Mr. Watterson retires as editor of the Courier Journal with this issue. From 1868 until 1918, its editor, his brilliant, forceful and individual writings on public questions brought fame both to himself and this journal. Desiring to retire last August when control of the newspaper changed hands, he yet was persuaded to continue in the capacity of Editor Emeritus, through which connection he might continue to address the readers of the Courier Journal while reliever of the active responsibilities of the editorship. He now requests his retirement, finding in conflict with his views, opposing the League of Nations, and those of the Courier Journal, favoring the proposal. His personality will continue to be an inspiration to Courier Journal workers; his accomplishments, a standard of achievement; his name, one to be praised and loved. He has passed his 79th birthday. May he pass another milestone before the world loses him as a companion or letters are deprived of the magic of his pen!

At Public Auction

I will sell at auction on Monday, April 7th, court day, in front of the court house at 1 p. m. one Buick Touring Car, in first class condition. 104 3t BOB WALKER.

court of weekly pay rolls for the past month show expenditures at the Richmond quarry and Stony Run bridge \$565; Lancaster road \$149.50; Boonesboro road, \$55.

An order was entered directing the Road Engineer to contract with W. J. Tatum to macadamize the Scaffold Cane road of one and one-quarter miles at the price of \$1 per cubic yard for base rock and 60 cents per cubic yard for gravel, as per his bid submitted to the court.

The court discussed at great length a change in policy relating to dirt roads, but came to no definite conclusion in regard thereto, except that the present system is a failure.

EVEN DISTRIBUTION OF ROAD FUNDS ALLOWED

Madison Fiscal Court Elects Dr. Phelps County Physician—Several New Roads Petitioned For.

The Madison Fiscal Court held its regular monthly meeting today, Judge W. K. Price presiding with all magistrates present. The court voiced their disappointment at the failure of the taxpayers to vote over the 20 cent road improvement tax, as this election was called in order to allow the people to say whether they wanted the county roads taken care of in an equitable manner and to give every section now in distress on account of the bad roads the needed attention. County Road Engineer J. G. Baxter addressed the court on this subject, stating that although the 20 cent road tax was defeated it should be the intention of the court to hear the claims from every party or parties desiring new roads or improvements, then taking them all together and then allow the court to make an equitable distribution throughout the entire county, doing as much for every section with the amount of appropriation they will have. On motion of Squire Long it was voted to take care of the roads in this manner during the coming year. Messrs. Reeves and Dunbar made application for a new road in the College Hill section; Jack Wagers for a new pike of about two miles along Willis branch, and Squire Todd petitioned for a road from Brassfield to Waco, all of which were voted to be taken care of in the manner as explained above.

On motion of Squire Todd, Dr. R. M. Phelps, who has purchased the interest of Dr. Jeffries, at Union City, was elected to serve as physician at the county infirmary at Union at a salary of \$200. On recommendation of Judge Price the court voted \$50 to be used in caring for Mrs. Elizabeth Cobb, of the Silver Creek section, who has repeatedly appealed for county aid.

On account of the Board of Supervisors being still at work on the county assessment, the court was unprepared to make a settlement with the Sheriff, and voted to call a special session of the court to be held as soon after the Supervisors completed their work as practical.

As we go to press, the County Engineer is giving his detailed report of expenditures, which will be given in tomorrow's issue of the Daily Register.

At London, Deputy U. S. Marshal R. M. Young, Deputy Collector C. L. Winfrey, and Sheriff Steele and posses returned from a raid in Laurel and Knox counties, where they destroyed nine moonshine stills and about 15,000 gallons of beer.

At Berea, fire destroyed the millinery store of Mrs. Laura Jones, formerly of this city, practically ruining her entire stock of spring millinery.

PACKERS RELEASED FROM FOOD ADMINISTRATION

(By Associated Press) Washington, April 1—All meat packers were released from the food administration control under proclamation signed by President Wilson at Paris, effective today. It was stated at the food administration headquarters that the President's action released the packers from supervision of every kind exercised by the food administration, including restrictions upon markets on profits.

Chicago, April 1—At the United States Bureau of Markets here today it was pointed out that reasonable restrictions on packers products applied directly to dealings in packing house products and not directly to the sale or purchase of live stock and that all dealers in live stock were still subject to the government license.

IT is a genuine pleasure to us to demonstrate the Oakland to you because we know that you will be so well pleased that you will buy it and tell your friends about it. Central Service Station, Inc. 76 4w

I will sell at auction, on Saturday, April 5th, in front of Culton's Meat Market one enclosed Ford roadster. 103 4 DR. J. H. RUTLEDGE.

President Again in Conference With Council of Four

Paris, April 1—President Wilson was again in attendance today at a meeting of the council of four dealing with peace problems. Between sessions the President received representatives of the Jugo-Slav interests in the Dalmatian Coast controversy. Information is that President Wilson conferred with Secretary of the Navy Daniels shortly before the latter's departure for Italy.

Commenting today on the six amendments to the covenant of the League of Nations, as suggested by Elihu Root, legal specialists connected with the peace conference, said they believed all the amendments were acceptable to the American delegation. President Wilson, however, declared emphatically that the time for talk was virtually finished and that now was the time to show results.

Have Record of Rare Worth

The fame of Welsh singing became world-wide, when in 1872 a mixed choir consisting mainly of Welsh village folks, under the leadership of Caradog, (Griffith Rhys-Jones), won the Crystal Palace Company's \$5,500 challenge trophy, and a cash prize of \$500. This fame was enhanced in the following year, when the same choir under the same leader again won the trophy, beating the London choir, known then as the Paris Prize Choir, under the leadership of Mr. Proudman. The sons of the principality have ever since maintained the fame and enhanced the standard established and set by the Crystal Palace victories.

Hear the Royal Welsh Concert Company at the Methodist Church. Risca Williams' description of the sinking of the Lusitania, is alone a feature worth the price of admission. Friday, April 1th.

Sheep Killing Dogs At Work

W. R. Bales suffered heavy loss from sheep killing dogs Sunday and Monday nights. They got into his flock at his farm near Duncannon and killed 18 ewes and 10 lambs. Mr. Bales says that the dogs did their work at night and he caught no sight of them so would be unable to identify them.

Daughters of Confederacy In Session At Louisville

(By Associated Press) Louisville, April 1—With the hall elaborately decorated and more than two hundred of the five hundred expected delegates on hand, the United Daughters of the Confederacy prepared to open the 25th annual convention here tonight. Meanwhile the education, Cunningham monument and Jefferson Davis memorial committees held meetings.

FOUND—Ky. 1919 auto license No. 34064; owner can have same by calling at this office and paying for this adv. 103 4t

Probably rain late tonight and on Thursday; except fair tonight east portion; warmer tonight; warmer Thursday east portion.

American Citizen Charged With Treason

(By Associated Press) Washington, April 1—Secretary Baker has approved the request of the British military authorities in Turkey in that they be permitted to arrest on charge of treason, James Spohr, naturalized American citizen, and his wife, declared officially to have been in close association with the head of a German spy system in Palestine and among British Indian subjects.

Hungarians Won't Frighten Us

(By Associated Press) Paris, April 1—Havas—Documents in possession of the French and Rumanian governments newspapers here say, may prove that the advent of the communist regime in Hungary was due in great part to the maneuver of Count Karolyi in conjunction with German government. It is indicated that the movement is aimed directly at the allied powers. Reports given to the French Foreign Office also indicate that the Hungarian revolution were staged largely with a purpose of testing the strength of the entente will and principally designed to frighten them with the idea that Germany might also rapidly disintegrate.

GOVERNOR HAS NO KNOWLEDGE Calexico, Cal., April 1—Esteban Cantu, governor of Lower California, today issued a statement saying he had no knowledge whatever of the alleged pending sale of Lower California land to the Japanese.

Wm. G. McAdoo has consented to act as special counsel for the railroad administration with reference to matters arising from the State of New York, provided he may serve without remuneration.

CHICAGO RE-ELECTS THOMPSON MAYOR

By Plurality of 17,000 Over Sweitzer. City Votes "Wet" By A Large Majority.

(By Associated Press) Chicago, April 1—Complete returns from yesterday's municipal election, showed William Hale Thompson, republican, re-elected Mayor for a term of four years, by a plurality of 17,600, over Robert M. Sweitzer democrat, his nearest competitor. The city also voted "wet" by a majority of 247,228. Four years ago Thompson defeated Sweitzer by 147,000.

The pronounced "wet" vote was said by "personal liberty" leaders to mark an actual beginning of a campaign to repudiate national prohibition.

Mayor Evans and Party Off For Cincinnati

Mayor L. P. Evans has appointed the following business men to advise with the city administration in the selection of the new paved streets which will be constructed in the next few months. The men who will advise with the Mayor are: T. K. Hamilton, R. E. Turley, J. J. Greenleaf, and Councilman Wm. O'Neill. Mayor Evans accompanied by these gentlemen left this morning for Cincinnati where they will look into the matter of selecting a competent engineer who will be employed by the city to make the specifications for the new improvements and everything possible will be done to give this city the best that can be had. A thorough investigation of street improvements will be made by this committee and it is for this purpose that they are making this trip.

Today's Live Stock Markets

Cincinnati, April 2—Cattle stronger; hogs half higher; tops \$20.50; lights \$19.

Heard About Town

"Electric Hair Cut" is now the latest style. Mr. Sallee has just received the latest thing being used for hair cutting and massaging. It is suspended on a trolley, which allows it to be operated, through the length of the shop, and the clippers and massaging instruments are electrically operated, making a hair cut only a matter of a few seconds, instead of the long wait always necessary when getting a hair cut in the old style.

Local tobacco growers are inclined to believe that the frosts of the past two nights has done very little damage to the tobacco plants, as very few were out enough to be touch.

Wm. Anderson Winkler, of Kingston, has rented the farm of Lewis Francis on the Irvine pike.

Wm. Coates bought of M. Wides two cottages on Orange street for which he paid \$2,000.

Robert Covington has leased the home of Z. T. Rice on Broadway, recently vacated by Mr. and Mrs. Allen Douglas.

Pleasant Hill

Mrs. John H. Munday is on the sick list this week.

Miss Amanda Whitlock is visiting at Kirksville this week.

Mrs. Sam Amster was visiting her son, Preston Brewer, Saturday and Sunday.

Mrs. Tom Whitlock was in Richmond Saturday shopping.

Mrs. Cora Forbes, Mr. Bob Davis, and Mr. Dave Davis spent Sunday afternoon with Misses Amy and Anna Whitlock.

Friends of Mrs. Preston Brewer are glad to know that she is recovering from a serious operation.

Mrs. H. D. Forbes' father is visiting here from Berea.

Mrs. J. B. Ellison visited her mother in Clark county last week.

Miss Anna Whitlock is visiting Miss Amy Whitlock this week.

Mr. McKinley Forbes is visiting in Winchester this week.

Mr. and Mrs. William Munday visited Mr. and Mrs. Roy Minter Sunday.

Mr. Joe Whitlock and Miss Mae Fowler were the guests of Mr. and Mrs. Tom Whitlock Sunday.

FOR SALE—Mammoth Buff Orpington eggs for hatching purposes; best quality, only a limited number; setting of 16 for \$3. Mrs. W. C. Griggs, Union City, phone 2412. 102 5p

LOST—Machine and one 22nd; reward for return to Baxter and Whitlock's garage. Lost on Big Hill pike or close to White Station. 103 4w

You Can't Cure Rheumatism With Liniments and Lotions

**Torturing Pains Promptly
Return in All Their Intensity**

You may as well throw your liniments to the winds, if you expect them to rid you of the pangs of rheumatism. In fact, the sooner you discard forever the use of all forms of local treatment, the sooner you will get on the right track which leads to rational means of relief.

For you can rub and rub from now until doomsday, and you will never make any progress toward ridding yourself of rheumatism, because such treatment does not approach the source of the disease.

Remember from the outset that the pangs of rheumatism come from a deep-seated cause, and that simply rubbing the painful parts of the body has no effect on the disease itself. But when you locate the cause of the disease, the real source of all these intense pains, you can then treat the disease intelligently.

And until you do treat your rheumatism intelligently, you will

never be free from its disabling pains.

So many people have found real, genuine and lasting relief from rheumatism by purifying the blood with S. S. S. that we are justified in recommending this splendid remedy to all who are afflicted. Perhaps your case is like thousands of others which are caused by millions of tiny disease germs in the blood. S. S. S. so thoroughly cleanses the blood, that it routs out completely and eliminates all disease germs that infest it.

In this way the source of the disease is reached, and its cause removed. Give your system a thorough cleansing with this reliable vegetable blood remedy, and you will be delighted to be free of the pangs of rheumatism. It has been used for more than fifty years and is sold at all drug stores. Begin its use today and you will have the same satisfactory experience as thousands of other sufferers.

Should you wish special advice about your own case, it can be had without cost by writing to Chief Medical Adviser, 101 Swift Laboratory, Atlanta, Ga.

Agriculture Course Open To Teachers

In accordance with an act of 1918 by the State Legislature, all teachers in Madison county are required to take an examination in Elementary Agriculture, in order to be qualified to teach this branch of the curriculum. A special term in agriculture will begin April 8th, 1919, at E. K. S. N. This course is not only open to the teachers, but prospective teachers. County Superintendent Ben F. Edwards has made the following statement on the subject:

"I earnestly request every teacher and prospective teacher in Madison county who has not already enrolled in some school to meet at my office on

Tuesday, April 8th, 1919, and enroll in E. K. S. N., as this will be the last opportunity this year to enroll to prepare for the regular examinations which are to be held May 16 and 17, June 20 and 21, 1919."

Every teacher and all prospective teachers who wish to avail themselves of this opportunity should be sure to meet with Mr. Edwards on the dates he has mentioned.

Supt. Edwards also states that he has received the balance of the school fund for year ending June 30th, 1919.

Miss Anna Belle Helton, one of the most popular teachers in Rockcastle county, succumbed last week after brief illness of pneumonia.

Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

Narragansett Pier, R.I.

"I was all run-down, back ached, and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.

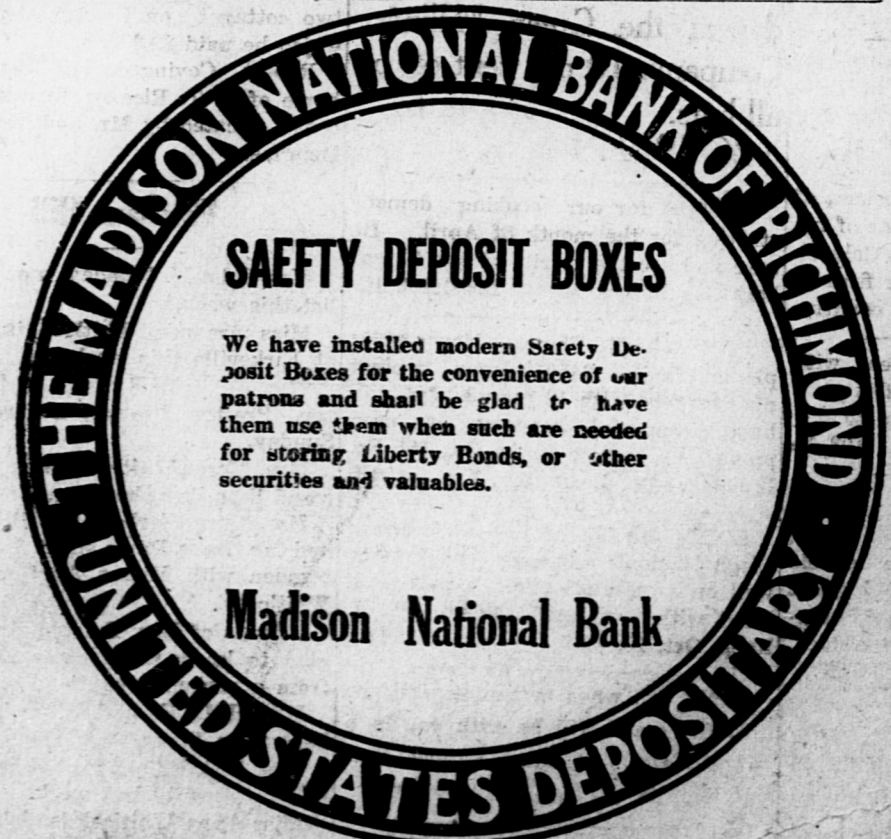

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Jacksonville, Ill.

"I keep house for my little family, but got into a weak, nervous, run-down condition, tired all the time and no ambition. My doctor told me to try Vinol, and in a week I felt like a new person. I am now strong again, look after my baby, and do all my housework."—Mrs. G. H. Lamson.

GENTILES JOIN JEWS IN CAMPAIGN

**Great Non-Sectarian Drive For
\$208,000, April 7-11, For
Relief Of Jewish Sufferers In Europe**

By far the most gratifying feature of the great state-wide campaign in Kentucky to raise \$208,000 during the week of April 7-11 for the Jewish war sufferers in the war zones of Eastern Europe is the instant response on the part of Gentile as well as Jew to the appeal for help in organizing the campaign. In every section of the state workers in previous campaigns of all kinds have instantly offered their services. Many of these offers came unsolicited. There is no more splendid demonstration of the entirely non-sectarian character of the drive. Kentucky gives practical proof of the slogan, "Humanity knows no creed."

This demonstration is all the more remarkable for the manner in which the women in many sections insisted upon having a part in the drive and in forming, practically within a few hours, organizations of workers led by the leading women of the respective communities.

The drive is a part of a nation-wide campaign to raise \$35,000,000 to relieve insofar as is now possible the sufferings of a race of people caught in the maelstrom of the world war and whose destitution can not be fully told in words. Starving millions call upon America for help. Heretofore, since the war started, relief has been given the Jewish people in Russia, Poland, Galicia, and other sections of the near east by the American Jewish Relief Committee, but the money has been raised by subscriptions from Jewish people alone. Now the need is so great and the demand so urgent that an opportunity is being extended to all people to give as their conscience dictates.

The state campaign is directly in charge of the following well known men:

Chairman, Col. Fred Levy, Louisville; State Campaign Director, Charles W. Morris; Special Representative of the American Jewish Relief Committee of New York, Albert Lewin; Chairman State Publicity Bureau, Sidney Bernheim; Chairman State Speakers' Bureau, Rabbi Joseph Rauch; State Treasurer, Alfred Brandeis.

The following State Advisory Committee, composed of men of all faiths and representing all sections of the state are in constant touch with the progress of the campaign:

Gov. A. O. Stanley, Chairman; Col. P. H. Callahan, S. Thurston Ballard, Benjamin S. Washer, C. A. Tevebaugh, Ben Strauss, Louisville; Dr. W. A. Ganfield, Danville; H. M. Frankel, Hopkinsville; Simon Wolf, Lexington; W. F. Bradshaw, Jr., Paducah; Judge J. P. Hobson, Frankfort; Desha Breckenridge, Lexington; S. Strauss, Mayesville; White L. Moss, Pineville; Harry Giovannoli, Lexington; Lewis Hays, Jackson; Dr. T. J. Coates, Richmond; Dr. S. P. Fetter, Ashland; Judge J. M. Benton, Winchester; R. P. Ernst, Covington; H. J. Allington, Newport; Isaac L. Price, Paris; Judge J. R. Layman, Elizabethtown; Lee Birk, Owensboro; John W. Keller, Paducah.

The state has been divided into 20 districts with the following district chairmen already selected: First, Louis Rubel, Paducah; Fourth, Henry Frankel, Hopkinsville; Fifth, Sam Pushin, Bowling Green; Sixth, Louis Goldamer, Elizabethtown; Eighth, H. Pushin, Danville; Ninth, Cyrus Adler, Louisville; Tenth, Julius Helburn, Eminence; Eleventh, Nathan Rosenberg, Covington; Twelfth, Mrs. M. Galant, Mayesville; Thirteenth, Nathan Efron, Carlisle; Fourteenth, Harry Klein, Lexington; Fifteenth, Lee Bloomfield, Winchester; Seventeenth, Major E. Helburn, Middlesboro; Eighteenth, Lewis Hays, Jr., Jackson; Nineteenth, Nathan Josselson, Carlettsburg; Twentieth, Ben Josselson, Ashland.

With this splendid organization in charge and inspired by such a cause the campaign in Kentucky will bring additional fame to the Commonwealth.

CLERGYMAN HEADS CAMPAIGN.

One of the most enthusiastic workers in the Kentucky state-wide campaign to raise \$208,000 during the week of April 7-11 for the relief of Jewish war sufferers is Rev. O. O. Green, of Richmond, a Baptist minister. Drawn to the work by the terrible tales of suffering coming daily from across the seas, Rev. Green is devoting his energies to the campaign. He is also chairman of the organization in Madison county and is doing splendid work.

MASS MEETINGS TO AID DRIVE.

A series of mass meetings throughout Kentucky is being planned as an important feature of the big state-wide drive the week of April 7-11 to raise \$208,000 in the state for the relief of Jewish war sufferers. These meetings are to be addressed by speakers of national prominence. Among the cities already arranging for mass meetings are Louisville, Paducah, Hopkinsville, Lexington, Bowling Green and Princeton.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

ROYAL Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from Grapes

Royal Contains No Alum—

Leaves No Bitter Taste

Additional Personals

Mr. and Mrs. C. C. Wallace received a message this week from Lieut. William Wallace, that he reported at the University of Law, at Lyon, France, March 12th, for a four months course, and did not hope to get home before the latter part of the summer. Mrs. Harry Scrivner was over from

Winchester Sunday to attend the funeral of Robert Rayburn, the little son of Mr. and Mrs. Tevis Rayburn, who was buried here Monday afternoon.

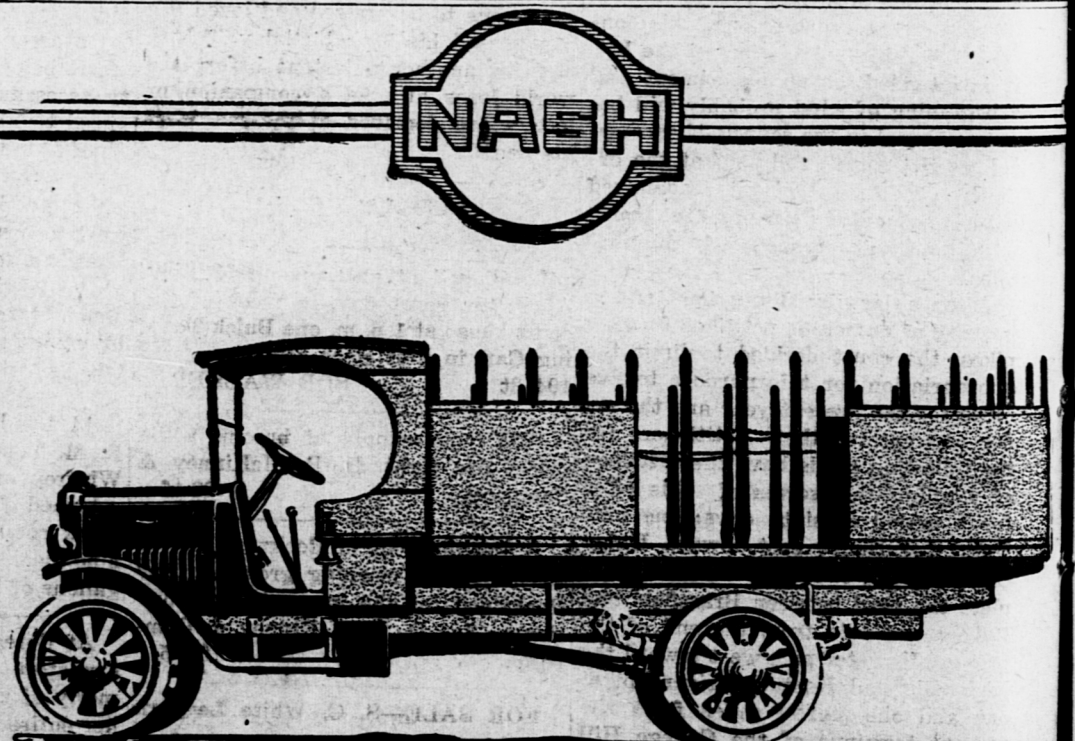

Miss Adeline Ward has returned to Richmond after an extended visit to her mother in Norwood, O. She was entertained by a number of friends while there.

The little daughter of Mr. and Mrs.

E. Selby Wiggins is recovering from an attack of measles.

ABANDONED WESTERN OIL FIELDS FOR RICHER PROMISE IN ZINC ORE

Organization of the Louisville
Mansfield Zinc & Lead Syn-
dicate Reveals Business
Romance

T. T. Beeler, Dentist, Then Oil
Magnate, Sold Interest in 157
Wells for Bigger Prospects.

Louisville, Ky.—How a business romance, blossoming in the bosom of another Earth, led the way to a dream of affluence that is fast materializing, brought out in the organization here the Louisville Lead & Zinc Syndicate Company, a corporation the stock of which rapidly is becoming the property of the public. That it is not a romance of the oil fields will be a matter of surprise to those who look large to the oil well as the fountain of business romance.

Formation of the Louisville Mansfield Lead & Zinc Syndicate follows closely upon organization of the Kentucky Mansfield Lead & Zinc Syndicate, a corporation already on an operating and dividend-paying basis, but the romance goes back eleven years to the oil fields of the west and to a dentist's chair in a small Oklahoma town.

Dr. T. T. Beeler.

In a suite of offices in the Starks Building a small keen-eyed man, trying to make every minute yield its quota of result of an atmosphere of high pressure, knows all about the romance, for he had lived it. He is Dr. T. T. Beeler, vice president of the new LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE. He is the man who, eleven years ago, while a practicing dentist in an Oklahoma town, became interested in western oil development. With holdings in 157 oil wells after he had become successful in that game, Dr. Beeler had wide opportunities to observe the possibilities and exigencies of that business, or game, as it may rightly be called. He saw men carried up into the realm of sudden riches; he saw hopes fulfilled beyond their own limits. But he saw the other side, too, of the oil game—its uncertainty, and the ruin that this uncertainty brought to some.

One day Dr. Beeler heard about the strike made in the famous Joplin zinc ore district. He began studying the possibilities of the new found opportunity. He reflected that in the oil business, when a well was drilled, no mortal could with certainty tell which of four things would be the result—oil, water, gas or a hole in the ground. He reflected that an oil well, drilled from 1,100 to 3,300 feet in the ground, cost from \$5,000 to \$30,000 before its real promise was known. And then he compared this with data he had gathered about the mining industry, in which nature's store of wealth lies comparatively close to the surface and covers great areas, necessitating, in proportion, a small initial outlay. He applied this comparison particularly to what he had heard about the Joplin-Mansfield fields.

Dr. Beeler was not long in making up his mind. It was two years ago in Kansas City that the project, which is now being carried to every state in the Union, had its inception. Dr. Beeler had selected a partner, severed his connections with the oil fields, and had employed an agent, versed in the technique of such an undertaking, to investigate opportunities in the Joplin district.

But it was by chance that the real opportunity was found. One day, when Dr. Beeler's emissary was fruitlessly bickering with people in the field to which prospectors were already swarming, an old man called him aside.

"If you want to see an unworked locality, I want to show you something," said the old man.

As the result of the investigation and assaying which followed, Dr. Beeler, his partner and several notaries, in all of the public automobiles the nearby town afforded, set out in the late afternoon in what is now the Mansfield district. The chauffeurs and the notaries and all others with whom the party came in contact were bound to secrecy. There were neither automobiles nor notaries available for other possible prospectors.

That was October 13, 1917. In a day or so, the prospectors had secured leases on 18,000 acres of land rich in ore, and had laid the foundation of the project which is now becoming an

Heed the Warning Of Authority!

"Make Your Dollars
Have More Cents"

Stock Now \$1.00

¶ We're away over the \$200,000 mark!
We've received checks for stock from States as distant as New York and Texas! ¶ Investors are judging the value of the stock of the Louisville Mansfield Lead and Zinc Company by the record of the Kentucky Mansfield Lead and Zinc Syndicate. That company, already in operation, paid a monthly dividend of 2% in January and 3% in February. The officers and directors of both companies are chiefly the same gentlemen and the newer company has been organized to do just what the other is doing but on a larger scale. ¶ Its holdings are greater, consisting of four tracts of 40 acres each in the Mansfield District, right where the Mother Lode of the great Ozark Lead and Zinc fields comes nearest the surface. We've proven our holdings by drilling. We're already sinking the first shaft for our first mill!

Louisville Mansfield Lead & Zinc Co., Inc.
409 Starks Building, Louisville, Ky.

I am interested in your proposition and would be glad to make an investigation without obligation on my part.

Kindly send me copies of your booklet and fullest information.

Name

Address

T. M. Crutcher, President.

T. T. Beeler, Vice President.
W. E. Newbold, Treasurer.

DIRECTORS:

J. C. Mahon, W. E. Newbold, Nat C. Cureton,
T. M. Crutcher and T. T. Beeler.

Louisville Mansfield Lead and Zinc Co.

INCORPORATED

409 Starks Bldg. Louisville - Kentucky 409 Starks Bldg.

tion-wide. They knew that by taking the ore from slight excavations at given points over a given area, that the findings of an expert assayer-geologist would give them the exact extent of wealth which the establishment of mills would produce. Unlike the mere promise of an oil well, the potentialities of a zinc field could be scientifically established. Their reports were secured from A. Arnold, State geologist of Missouri, and Joseph Metcalfe, a London mineralogist and engineer, and showed that tests had proved the expectations of the prospectors.

These geological reports bear out to a large extent a theory which later became current as to the origin of the rich mineral products around Mansfield, Mo. According to this theory, Mansfield, one of the highest points in the district, is the site of a pre-historic volcano. The purest ore is found closest to this center, while the adulterated deposits are found as the distance becomes greater.

Once he had secured rights to the land, Dr. Beeler's plan became known and soon the district was a bee hive of fortune-hunters. But all of the promising land in the vicinity had been leased by Dr. Beeler and his associates and they were ready to launch their project.

Their scheme of operation calls ultimately for the organization of local companies in each of the forty-five states. Each of these corporations will be granted concessions around the reserved portion of the leases which the parent corporation will hold and which will be enhanced in value with the growing activity surrounding it.

The Kentucky Mansfield Lead & Zinc Syndicate was incorporated June 13, 1918. Its capital stock of \$100,000 was quickly sold out. On November 1 it bought its first mill, which soon began operations on the ground, and on February 1 a 2% dividend for January was paid stockholders, following

which was paid a 3% dividend for February.

The Kentucky syndicate is made up almost entirely of Kentucky men. Dr. T. M. Crutcher, of Louisville, head of the Louisville Dental Laboratory, is president, and N. C. Cureton is secretary. W. E. Newbold, of Louisville, is treasurer. Edward J. McDermott, of Louisville, is the corporation's attorney. Dr. Beeler is one of the directors, as is also Dr. Charles A. Funk.

The officers of the LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE, which was formed February 21, 1918, are the same as those of the Kentucky syndicate except that Dr. Beeler is vice president and J. C. Mahon, well known Louisville business man, is a director. Over half of the capital stock of \$500,000 already has been sold. Offices of the company are at 409 Starks Bldg., Louisville.

The stock is being put out at \$1.00 (par value) per share.

The company's property is in the heart of the Ozark Mountains, Wright County, Mo. One forty-acre tract is located between two mills, those of the Kentucky syndicate, known as the "Pioneer Mill," and of W. H. Caldwell, of Louisville, known as the "Red-bird Mill." This tract is considered one of the best in the district although three other forty-acre tracts are well located and partly tested.

So, as the new LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE starts its wheels a-whirling, the business romance of the poor dentist is carried farther along its way to the pocket-books and bank accounts of shrewd investors the country over.

Flagrant frauds in application for State Auto Tax Bureau. It is said automobile licenses are making their appearance according to report of that many five ton trucks are in operation over the state with Ford tags.

AN INVITATION TO YOU AND YOUR FRIENDS

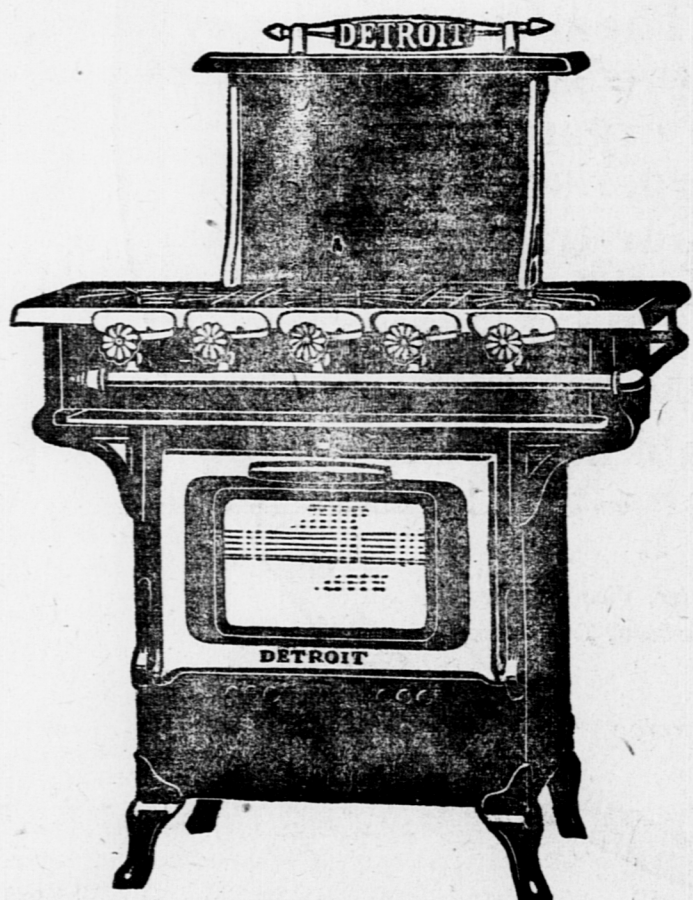

The big demonstration for the month of April setting forth the several splendid lines of Cooking apparatus and bringing before your very eyes the wonderful advantages of each particular make, and at the same time having for your approval a wonderful showing of Aluminium Cooking Utensils, the most cordial invitation is extended to the people of Madison and surrounding counties to visit our stores during this wonderful demonstration.

Keeping This New Store New

Besides the business-like purpose of marking all furniture prices very low to keep the stock at this new store new, this April Cooking demonstration and Aluminium Sale is intended as an invitation to a wider circle of friends. With a free hand we have created very low prices which many merchants would be timid about offering in these days of rising costs. You can share in these economies if you purchase now. From a financial standpoint it is a very simple matter to realize on these low prices.

We Are Making The Price--You Are Buying The Goods

Our unparalleled increase in trade volume this year, over any other during the past, is attributed to the fact that we do as we advertise, and we advertise as we do. We are fulfilling our promise contained in the first half of this slogan. You, the people, are showing that you appreciate the sincerity of our slogan by buying the goods. Yes, your response is even greater than we anticipated. While our purchases for the season were exceptionally large, we find our stock continually running low and it is only by keeping the mails and wires busy to manufacturers who are supplying us, that we are able to fill in the gaps made by the inroads caused by our heavy trade. We are making the prices—you are buying the goods.

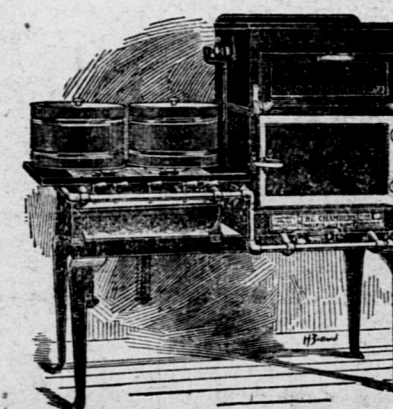

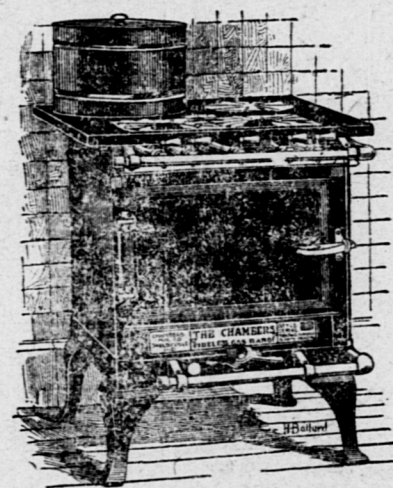

Our first Cooking Demonstration will be held Saturday, April 5, when the Chambers Gas Range will be brought to your view, showing forth the excellent qualities of this wonderful Range.

Our Second Demonstration will be held on Thursday, April 10, when a man from the factory will be here to demonstrate the New Process Oil Cook Stoves. Our space is limited in this page to set forth the many advantages, and we will suffice the matter by asking you to come to our store on this date and allow him to set forth its true and most wonderful values.

Our Third Demonstration will be held on Saturday, April 12th, on the Detroit Vapor Oil Stoves, when again we bring one of the experts from their great plant to show you just exactly what savings of both fuel and time can be accomplished with this wonderful cooking device. You are invited to ask questions, and this expert can gratify you on any point.

Our Fourth Demonstration has been scheduled for April 26th, and the Majestic Range, the greatest of all Ranges, is before you for consideration and approval. The factory man will be here, and while he is here a beautiful set of Aluminum Ware will be presented with each stove sold. The value of this set is round about \$12, and it is all yours FREE of all cost.

We Have Organized an Aluminum Club

On each day of our demonstration 25 sets of Aluminum Ware will be offered at \$14.98. The value of this set if purchased at retail prices would be from \$20 to \$25. The terms are wonderful. Think of it. Only 98c down and \$1 a week thereafter until paid. Possession is given at time of your first deposit of 98c. Come in and look this beautiful set over.

LOOK AT THIS—Every person possessing a Majestic, no matter how old it may be, will be presented with a beautiful piece of Aluminum Ware, provided they call at our store and register their name and address. This holds good for the entire month of April.

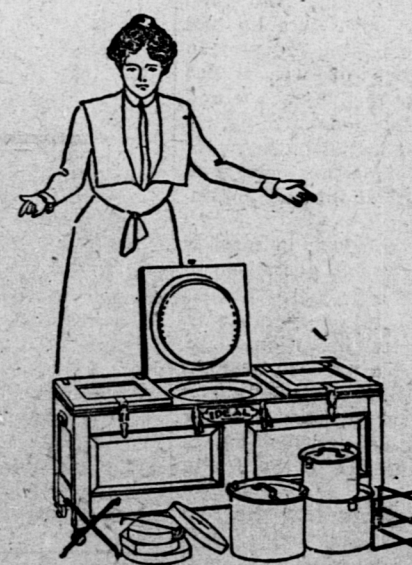

Yes, we will serve hot biscuits and coffee at each of these demonstrations. We engaged the services of one of the best cooks, which assures you an excellent lunch. Remember this is free to all and our supply is unlimited.

Remember that with every stove sold, no matter what the make, carries with it our personal guarantee, and we are right here in your city to back it up.

To make your time worth while, we have decided to run during each of the four demonstrations, special reductions in our store room. Articles will be marked in plain figures and there is only one price to all. Taking into consideration that we quote all prices on all articles at a much lower price at all times, whether it be during a special sale or not, we invite you to compare our prices with others, and you will find the TRUTH of this statement.

NEW LINES ADDED

Leonard Cleanable Refrigerators
Old Hickory Porch Furniture (see our Window display)
Beautiful line of Reed Porch Furniture
Fibre Porch Furniture
April Victor and Edison Records
Also the Q. R. S. Music Rolls

FREE GIFTS

During the month of April we are going to give each person who possesses a Victrola or Talking Machine of any kind, a nice Brush for cleaning records and one package of needles, provided they call personally and register their name. Persons owning player pianos of any make will be given a new music roll, upon registering their name and address with us.

Entertained at Dinner.

Miss Margaret B. Parrish entertained informally at dinner Sunday. Her guests included Miss Anne Dudley, and Mr. W. T. Clark, of Winchester, Mr. and Mrs. Gatewood Gay, of Lexington, Mrs. George Corzeli, and Mrs. Charles E. Smith. An elegant menu was served and the gracious hospitality of the hostess made the occasion very enjoyable.

Doty—Rice.

The friends of Miss Hannah Doty and Mr. Robert O. Rice were agreeably surprised to hear of their marriage which occurred in Winchester Monday afternoon at the Brown-Proctor Hotel, Rev. J. H. McNeil officiating. Miss Doty is the daughter of Mr. Robert Doty, of this city, and is one of Richmond's most charming young ladies. Mr. Rice is a tobacco auctioneer formerly connected with the Home Warehouse, and is from North Carolina. They will make their home in North Carolina.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Normal School Notes

The Cynthian Literary Society gave an April Fool party in the play room of Sullivan Hall the past evening.

April fool stunts being the source of enjoyment. Among some of the games that were enjoyed during the evening were "Threep deep," "Patent Medicine," Fish Pond." Delicious refreshments were served at 9:15 and everyone present declared the entertainment the best ever. The Cynthian Society is the largest in the institution and with Miss Anna Lee Davis as faculty advisor, this society is accomplishing work along the literary side of life which is well worth while.

The "Day Light" Literary Society led chapel this morning. Their program was carried out in such a manner that their talent of literary work could be easily seen. Mrs. Nancy Skelton is president of this society and Miss Mollie Powell is secretary. This society is made up of the town students. The following program was rendered: Piano solos, Nannie Bonnie; reading, Cora Black; "The Day Light Star," Myrtle Cornelson; piano duet, Emma Davison and Elizabeth Hagan.

Miss Daisy Hamilton, former student of Eastern, will be in Sullivan Hall this afternoon for the purpose of interviewing students who wish to puaun their work for the summer vacation.

Examinations are on at the Normal

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies, and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.

YOU go through life just once, so why not live by the way? Rookwood Coffee sold by D. B. McKinney & Co. will make life worth living. 108 5

Mr. Jeff D. Mitchell is now our authorized representative in this territory and will be glad to furnish you Monuments or Markers of your loved ones, at reasonable figures.

New Muldoon Monument Co

FIFTH LOAN 'STUNTS'
WILL FEATURE TANKS,
TRAINS AND AVIATORS

TROPHY EXHIBITS, WHICH WERE SO POPULAR IN FOURTH DRIVE COMING AGAIN.

DON'T stow away your rattles and horns and noise-makers. The Victory Loan is going to bring with it just as many occasions for a big time as any of the foregoing drives.

The trophy trains—bigger, better-equipped and scheduled for longer stops in each town—are to tour the district again. One of them will stop in your town or near enough to it so that you can get to it.

Air circuses will perform over a great many of the cities and among the planes to take part are a number of German Fokkers.

And best of all there will be a fleet of tanks. These tanks, regulation whippets, will be routed over the district singly so that practically all of the territory will be covered. The War Department is furnishing the tanks and tank crews and there are no stunts which these mighty crawlers cannot perform under the guidance of the fearless drivers who will take them out.

Music? Yes, indeed. There will be two or three bands on tour in the district. Arrangements have been made for service bands from the army and the navy.

Civilians to Get
Medals for Work
In Victory Loan

If one of these is awarded to you will your conscience be clear?

Every volunteer Liberty Loan worker who participates in the campaign for the sale of the Victory Liberty Loan, which is to begin April 21, will be given a medal made from one of the German cannon captured by the Yanks in the Chateau Thierry drive.

The medal will be about the size of a half dollar. The front side of it, depicted in the accompanying cut,

will bear the inscription "Victory Liberty Loan" and a reproduction of the Treasury Department building at Washington.

On the reserve side will be engraved the government's acknowledgment of the service performed and a space will be left so that the recipient may have his or her name engraved.

The medal will be the first of its kind ever distributed by the government to civilians. The plan was decided upon after an almost unanimous demand had been received from workers over the country for some permanent souvenir of their patriotic cooperation.

Several German cannon, brought over with retreating Yanks, have been melted, rolled and are being stamped out to adorn the lapels of the civilian army.

Let's!

Now guns are rusting,
No more the legions smash,
The wood springs in the dugout,
The battle fire is ash.
So hats off to the doughboy,
And hats off to the job,
The Victory Loan is coming,
Let's finish up the job!

Trade Commission Chases
Bond Scalper to His Lair

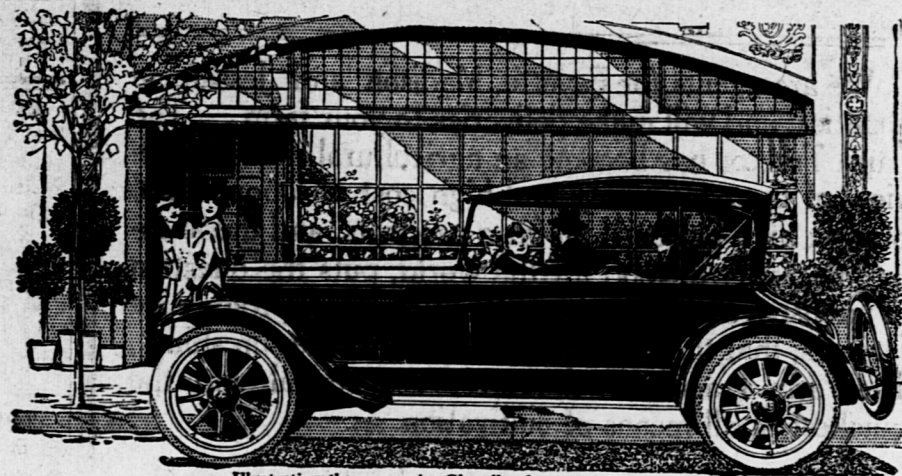

The Federal Trade Commission has taken further steps toward protecting holders of Liberty Bonds from fraudulent stock promotion schemes. Searching questionnaires have been sent to many firms whose literature has been turned over to the commission for examination.

The questionnaires contain 32 questions, bearing on the amount of promotion, stock and sums actually invested and the corporation's organization plans, properties and financial conditions. The information is called for at once, attention being directed to the penalties attached for failure to do so.

Also, now George hangs from a raft.

CHANDLER SIX \$1795
Famous For Its Marvelous Motor

Illustrating the new series Chandler four-passenger roadster

The Most Closely Priced
Fine Car

NOW that you are ready to buy that new car, try to find one that gives you so much in mechanical excellence and in beauty and comfort of bodies at so fair a price as does the Chandler Six.

Search the whole market if you wish.

Search for such a motor.

Search for such a sturdy chassis.

Search for such features of essential equipment: Bosch magnet for sure ignition, silent chain drive for motor shafts—three chains running in constant spray of oil, solid cast aluminum motor base extending from frame to frame, annular ball bearings to carry the power back to the rear wheels with the minimum loss through friction.

The Chandler is the most closely priced fine car in the American market. A determined Chandler policy, pursued now for nearly six years, has made it so.

When you really know the Chandler Six, no "competitive" car will interest you. Cars for which you are asked to pay more will not interest you.

No other car, in the whole medium-priced field, offers you such a motor. No other offers you such features of essential, high-grade design and equipment.

Asking you to pay more wouldn't give you more. To mark up the price doesn't make a car better. The Chandler is sold at a closer price than any other fine car. You can prove this by your own comparisons.

Fordson Farm Tractor

We are agents for Fayette, Madison and Jessamine counties, and will make deliveries to your farm. The Farm Tractor has become an agricultural necessity, in view of the uncertainty and high cost of labor. The present high prices of all farm products, and the absolute necessity of food for the world, puts the question of intensive and extensive cultivation by all progressive farmers, that they may make hay while the sun shines. The Farm Tractor is the most economical and the quickest of all means of cultivation.

The Fordson Weighs 2800 lbs.

It is light and powerful, it has a development of 22 horse power at the belt pulley, a draw bar pull of 1800 pounds dead weight in second speed, and 2,500 in low speed, it has three speeds forward, draws two 14-inch mold board plows at the rate of four miles per hour, and can be turned in a space of ten feet. With the pulley attachment it can be utilized as a stationary engine, uses coal oil as fuel. The price of this Tractor is \$965.00 including belt pulley. We carry all repair parts and can keep your Tractor at work all of the time. Let us show you this farm necessity and demonstrate its essentiality to your needs.

Commercial Auto Co.

Woods Walker Writes About "This Good Dog Law"

Local fanciers of fox hounds were much interested in an article in the Lancaster Record last week written by Col. Woods Walker, of the Paint Lick section, on the "Good Dog Law." Col. Walker discusses the new law from an interesting viewpoint. He writes as follows: Quite a lot has been put in our local papers recently extolling the merits of the present Dog Law. The columns of these papers have been thrown wide open, to those endorsing the bill, and the punishment meted out to he who fails to comply with the law, have been pictured in blood red letters, and no doubt has served its purpose as practically every dog seen, has a new shining collar.

I doubt if there is a man in the state who is not willing to pay tax on his dog, a reasonable tax, and I dare say there are just as many who believe his dog should be protected after his license is paid. Further more there is not a man in Kentucky, but that believes the state should pay for all sheep killed by dogs, and pay the assessed value, and pay it when the claim is proven and presented.

They believe furthermore that the entire dog tax should be applied to this fund and the state make up the deficit. But what is the use of having an exorbitant tax on the dog and then pay 40 per cent or nearly half of it, to have the law drafted and placed upon statutes, and for collecting tax. Let us take for instance Lee County, as I see she has reported in full. She has collected \$2561; 5 percent of this was paid to the Commissioner of Agriculture, which amounts to \$128.05. The number of licenses issued by the County Clerk was 2099, who received for every license issued 25 cents. The assessor received 10 cents on every license, in this case he receives \$209. Now of the total County live stock fund of \$2038.50 the sum of \$953.00 of 40 percent of this total is used to augment the salary of the State and County Officials instead of being paid for sheep killed by dogs. This law also provides that any surplus remaining after the sheep claims have been paid shall go to the School Fund. To have believed that the School fund would ever be benefitted by this law would have required a stretch of the imagination almost to the breaking point.

Now taking Lincoln county as a basis of the 120 counties in the state we find she has paid \$128.05 to the Commissioner of Agriculture, but for fear Lincoln's fund should be larger than the average county fund we take \$100 as the basis. Taking this as the basis the 120 counties would pay the Commissioner of Agriculture \$12,000 annually. With Lincoln county as the basis the County Clerks of the state would receive above their salaries \$62,880. The County Assessors of the state over and above their salaries would receive \$25,200, making a total received by state and County officials over and above their salaries \$100,080. This sum if used to reimburse the farmers who had sheep killed by dogs, would pay for 4,000 sheep, valued at \$25.00 each. Now we leave the reader to judge whether or not this law was enacted to encourage the raising of sheep or for the benefit of the Commissioner, County Clerks and Assessors.

With his salary thus increased one can readily see why the Commissioner of Agriculture was so intensely interested in the passage of the bill and also the earnestness with he impressed the county officials of their duty to enforce this law. As Lincoln and Garrard counties have already settled with the Commissioner of Agriculture, the County Clerks and Assessors, we presume the other counties of the state have done the same and yet a Garrard county farmer a few weeks ago presented his claim for sheep killed by the dogs these sheep being valued a fraction over \$20.00 per head, and altho he had paid \$20.00 each for them three months before, he was told that \$10.00 was the limit on grade sheep and he would have to wait 12 months for his money, and receive his prorata of the levings of the State and County officials.

Now we have found what the Commissioner of Agriculture gets out of this, we have found what the County Clerks get out of this, we have what the man who owns the sheep don't get out of it, and now we want to ask the Legislators who pass this law what they get out of it. They get the censure of the men who have presented their sheep claims.

Signed, TAXPAYER.

IS BACK AT WORK AGAIN AFTER MONTHS

Meritone Put Him Back On His Feet And He Feels Fine Now.

Poor health kept M. L. Wilkes, of Nashville, off the job for over three months, but now he says he is feeling fine and is working every day. "Meritone brought the change," Mr. Wilkes said. "It changed me all over and made me feel like a new person. Mr. Wilkes is a well known Nashville carpenter. He lives in the 12th district, East Station, Route No. 1. "My health was completely run down and after I got over influenza," continued Mr. Wilkes, "My appetite was poor and I felt so weak and bad at times that I was hardly good for anything."

Gains Weight

"I read about Meritone in the newspapers and started taking it. I am now on my second bottle and I feel like a different man altogether. Meritone has completely changed my condition and I am working every day."

Thousands of people all over the state are taking Meritone and praise it as highly as Mr. Wilkes does.

Meritone is a system medicine, and has no superior for overcoming such ills of the system as ailing conditions of the stomach, liver or kidneys, catarrh, rheumatism and the like or for strengthening and building up the system.

Meritone is sold exclusively in Richmond by H. L. Perry and Son.
